

Provide Feedback on the Vermont Conservation Plan

All comments and feedback are welcome and needed. VHCB values this process both as a way to improve the [Vermont Conservation Plan](#) and as a chance to keep learning from Vermont communities about local needs, challenges, and priorities. We recognize that the process is imperfect, and we are committed to learning how to improve our efforts going forward.

To ensure your feedback is integrated into the next draft, expected in May, please submit feedback by **March 31, 2026**. Feedback received after March 31st will be considered in the fourth and final draft, which we are required to submit to the Legislature by June 30, 2026.

Feedback may be provided on each of the plan's objectives through the Vermont Conservation Plan Website (www.vermontconservationplan.com).

You may also send written feedback or make requests directly to VHCB at vcadmin@vhcb.org. Please note that feedback provided will be maintained as a public record and may be subject to disclosure under the Vermont Public Records Act, though you can elect to offer your feedback anonymously if you do not want your name associated with your feedback.

Scan the QR codes below to review the draft plan and continue participating.

Draft Framework Overview

This page provides an overview of the draft framework, and links to review each of the plan's objectives.

If you have general feedback on the plan that is not specific to an objective, please email it to vcadmin@vhcb.org.

Draft Objective One: Center Vermont Conservation Design

This objective is focused on how to protect, restore and maintain an ecologically functioning and connected natural and working landscape

Feedback: Scan QR Code & use the "Provide Feedback on Draft Objective One" form at the top of the page.

Draft Objective Two: Conservation for Communities

Focuses on community benefit, equitable access to conserved land, and conservation that works for Vermont communities.

Feedback: Scan QR Code & use the "Provide Feedback on Draft Objective Two" form at the top of the page.

Draft Objective Three: Strengthen Conservation Capacity

Focuses on the funding, staffing, stewardship, and partnerships needed to carry out the plan over time.

Feedback: Scan QR Code & use the "Provide Feedback on Draft Objective Three" form at the top of the page.
